### ABOUT ME

Data Analyst with a PhD in Pharmacy and skills in SQL, Python, Excel, and Tableau. I bring strong analytical thinking to transform complex datasets into clear insights that guide smarter decisions and strategy.

#### **Data Analyst Course – Career Foundry | May 2025 – Ongoing**

Completed an intensive, project-based course, applying data cleaning, analysis, visualization, and storytelling to extract insights for data-driven decisions.

#### **PhD studies - University of Novi Sad, Serbia | September 2016**

Dissertation title: "Pharmacological effects of thyme syrup and tincture"

#### **Master of pharmacy - University of Novi Sad, Serbia | January 2007**

Master's Thesis: "Pharmacognostic Significance of Allium sativum Bulb"

### PROJECTS

#### **Instacart Grocery Basket Analysis**

Used Python to analyze Instacart grocery baskets, deriving insights to optimize customer grouping and marketing strategies.

#### **Rockbuster Stealth Data Analysis**

Performed SQL data analysis for a movie rental company to support the launch strategy of a new online video service, identifying trends to optimize customer engagement.

#### **Preparing for Influenza Season**

Analyzed additional medical staff allocation using Excel and Tableau to identify high-need areas, delivering insights and visualizations to support strategic staffing decisions.

### WORK EXPERIENCE

#### **Pharmacist**

2019 – 2025, Linden Pharmacy, Germany

Worked in an international environment, provided patients with prescriptions, performed medical analysis and ensured regulatory compliance.

#### **Head of the Drug Compounding Laboratory**

2017 – 2019, Pharmacy Novi Sad, Serbia

Applied problem-solving in ensuring accurate formulation of small-batch medicines, developed Standard Operating Procedures (SOPs), trained and mentored interns and students.

#### **Teacher for pharmaceutical subjects**

2016 – 2019, Medical High School, Serbia

Effectively teaching complex pharmaceutical concepts and sharing knowledge in a clear and understandable way.

#### **Pharmacist**

2008 – 2017, Pharmacy Novi Sad, Serbia

Provided patient consulting, managing drug supply and reporting adverse drug reactions.
